PARTNERS

LENOVO

CE TECH helps businesses transform, simplify and optimize their IT infrastructure to compete in a digital economy. Through a strategic partnership with Lenovo, a Fortune Global 500 company and global technology leader with one of the world's widest portfolios of connected products, CE Tech helps businesses accelerate data center innovation by delivering next-generation solutions that are designed for easy deployment and manageability.

Lenovo ThinkAgile HX Series makes your life easier

Leveraging Lenovo's ThinkAgile HX Series, CE Tech offers fully integrated appliances that can make your life easier. Lenovo's ThinkAgile HX Series integrates software from Nutanix, the market leader in hyperconvergence, onto Lenovo's highly reliable and scalable servers. The end result: easy-to-use, cost-effective appliances—shipped configured and tested—that help you dramatically accelerate your time-to-value while reducing your data center footprint.

When deployed in clusters, the Lenovo ThinkAgile HX Series pools compute, storage and virtualization into a single shared virtual structure for more efficient resource utilization and easy management through a single interface. In other words, you'll get to spend significantly less time managing your IT and more time focusing on your core business.

You get more than a system—you get a team

Whether you choose purpose-built appliances or fully integrated systems, CE Tech solutions from Lenovo and Nutanix simplify your IT infrastructure. This top-tier team gives you the power to transform your data center into a resilient, future-ready IT foundation designed to meet increasingly complex business requirements.
